

## Be a Chartered Environmentalist

The Society for the Environment (SocEnv) brings Licensed Professional Partners from different sectors together to award the qualification "CEnv".

Licensed Partners: AA, CABE, CIAT, CIOB, CIEEM, CIWM, CIWEM, IAgM, ICF, IEMA, EI, IFM, IOMMM, IWater, IAgRE, IChemE, ICE, IED, IES, IMechE, RICS, SEE, SOE

Benefits of CEnv	
For the Individual	CEnv gives environmental practitioners recognition beyond their specific sector and demonstrates competence within and a commitment to environmental best practice within their particular field of expertise.
For the Employer	As an employer, specifying 'CEnv' as a recruitment requirement gives confidence in the environmental competence and professionalism of an employee.
For the Public	CEnv helps to enhance public trust in environmental services and those leading sustainable environmental management.
For the Profession	CEnv is helping to establish 'environmentalism' a profession and ensures practitioners are operating at the same high standards across the sectors.

**Basic Requirement:**

- be a member of a licensed professional partner.
- able to demonstrate environmental knowledge on a master degree or equivalent level.
- able to demonstrate 4 years' or above sufficient, relevant and responsible practical experience or exposure in environmental satisfying the specified competences.
