Building Information Modelling (BIM) Series : How to Establish BIM Capability for Your Organization 建築信息模擬(BIM)系列：如何為你團隊啟動建築信息模擬(BIM)的本領

Introduction: Nowadays, Building Information Modelling (BIM) plays an important role in collaboration and digitization in construction projects. Since the release of the Technical Circular (Works) No. 7/2017 by the Development Bureau (DEVB) in 2017, adoption of BIM has been mandatory for capital works projects with contract sum more than HK\$30 Million. Apart from complying with the project BIM requirements, more and more stakeholders in construction industry have prepared to embrace BIM technology and get benefits from it. The talk will illustrate the basic knowledge of BIM, government's BIM policy, BIM standards and recommendations to start up BIM capability for organizations smartly.

簡介：現時建築信息模型（BIM）在建築項目的協作和數碼化工作中擔任重要角色。自發展局（DEVB）於2017年發布第7/2017號技術通函以來，對於合同金額超過3,000萬港元的基本建設工程項目，必須強制採用BIM技術。除了符合項目BIM合約要求之外，不少建築行業持份者已經準備好採用BIM技術並體驗其帶來的好處及方便。演講將說明BIM的基本知識，政府的BIM政策，BIM標準規範以及如何有效地為你公司團隊啟動建築信息模擬(BIM)的本領。
